

Marcelo Casillas

Profile

Born in Las Vegas, Nevada and spent my summers in Fresno, California. I played Football and did track & Field all four years of high school receiving seven varsity letters and two state championships. Martial Arts has also been a key factor of my life as I have been training in Taekwondo for Fifteen years receiving my third degree black belt this summer. I have won four state titles in taekwondo, two regional championships, and placed second and third in both Nationals and the U.S. Open. Being captain of my Olympic Taekwondo team has been a key factor in shaping myself to the person I am today in regards to my sense of leadership, brotherhood, and community.

Career Objective

My current Major is Pre-Med Biology and I aspire to be an anesthesiologist preceding my graduation from Medical School. I maintained a 4.2 GPA all throughout high school which I intend to keep up with above par academics. Medical school is something that has always been a plan of mine as well as nursing.

Experience

For prior work experience most of the jobs I have worked have been manual labor, however I have worked at two different Mexican restaurants over the course of my working experience. I have also been a senior instructor at my Taekwondo school in Las Vegas for the past three years, where I have taught all ages the morals and teachings of Martial Arts. I was also a math tutor at my previous high school throughout the duration of my senior year.

Skills

Leadership, Integrity, and a strong morale are what I would say my biggest strengths are. Throughout my years playing football and competing in Taekwondo, I have called upon my leadership, morale and integrity to persevere through many different obstacles in life.
